ECC Statement of Clearance

One Statement per club, signed by the club's official representative and submitted with the club profile and roster at registration (Rulebook Section 3.2). It replaces any separate national federation endorsement letter; the federation's approval is confirmed in point 5.

Club: _____

National federation: _____

Official ECC representative (name, role, email):

_____

_____

The club confirms that

1. **Eligibility** (Rulebook Section 3.1): it is a registered member of its national federation in good standing, meets its federation's requirements to compete in the senior MAG category, and commits to the full Pilot Season 2026 calendar.
2. **Roster** (Rulebook Section 4): the roster submitted with this Statement has at least 3 gymnasts and at most one foreign gymnast; every gymnast holds a valid licence issued by their national federation or a valid FIG Licence, meets the FIG senior age category, is not registered with any other ECC club, and is the person named on the roster. The club will field only gymnasts from this roster.
3. **Recording** (Rulebook Section 5.1): routines will be recorded over a hard landing, with at most one additional soft mat per apparatus that is not moved during the exercise, in landscape orientation, with the gymnast, the relevant part of the apparatus and the landing clearly visible throughout.
4. **Rulebook**: it has read the ECC Rulebook and accepts it as binding for the Pilot Season 2026.
5. **Federation approval and insurance**: it has the approval of its national gymnastics federation to take part in the ECC; all its gymnasts, including foreign gymnasts, have accident and health insurance covering participation in the competition; and each foreign gymnast has the approval of their own national federation to compete for the club.
6. **Accuracy**: all information in this Statement and in the club profile and roster is accurate. The club understands that inaccurate information or a false confirmation may lead to disqualification and to refusal of its participation in the ECC, including after selection, and that compliance may be checked in the ECC compliance audit (Rulebook Section 5.4). The club also understands that national federations receive the participant list, and that a federation which reports that the club is not its member or breaches its rules may lead to refusal of the club's participation, as decided by the ECC Committee.

Signature

Name: _____ Position: _____

Signature: _____ Date: _____

On behalf of the Club

This Statement is valid for the Pilot Season 2026 only.
